dated 23 April 1957

1. No major intelligence deficiencies were encountered. However, it would be useful to have more information on the role which Bloc representation in Mexico plays in the Central America-Caribbean area.

2. A continuing requirement is noted for up-to-date information on: (a) Communist capabilities in the area; (b) attitudes of the armed forces toward their respective regimes, particularly in Cuba; (c) dissident groups in Cuba.
